Entrant	Comments
Tom AK4NY	The month started off pretty good, it seems the bands are setting up for summer conditions. On the 23rd conditions were very poor at my QTH, very few folks on the air, but the good news was, everyone that was on the air was chatty. Hope to catch you on the air 73 de Tom
Emil I5EFO	Discreet propagation on 40 and 80 meters, only one QSO in 20 meters with K4BAI (tks John).  73 de Emil I5EFO
Cecil K5YQF	The "ether" seem a little thin in central Texas this month. Thanks for all who continue to take part. CU in May. Cecil

<b>Dennis K6DF</b>	Bands were terrible, deep QSB and high noise levels. Was nice to make QSO's with Cecil K5YQF and Mike N4EEV, thanks for the chats fellows.
<b>Mike WH6YH</b>	First month I decided to submit scores. Started April as WH6YH and ended April as N4EEV as new vanity call. I managed QSO's with Cecil K5YQF both April 9th and 23rd; Thanks Cecil! The 9th was slow and poor conditions ended my QSO with Larry K5SNA prematurely and poor conditions on the 23rd ended a QSO with Ken W6GAF prematurely; neither of which met the time limits. The 23rd had many more participants; thanks for QSO with fellow CW op member Paul N6EV. I look forward to the slow speed sprint on May 6th! Thank you for the QSO. 73 Mike
<b>Mike WI5H</b>	Hi,  I only worked one FC QSO in April. 73 until next time.  Mike - WI5H #16705
